With a construction cost of US\$ 30 million, Abu Dhabi National Oil Company (ADNOC) in its continued effort to develop and improve the educational environment of its educational campus, planned to build this new project inside the Petroleum Institute campus in Sas Al Nakhl area in Abu Dhabi. With a total land area of 27,700 m², the Petroleum Institute Student Centre and Auditorium comprise a male student centre (5,900 m²) over a G+1 building, which consists of activity halls, student union

rooms, coffee shops, and staff support offices serving the campus students with a service block attached; auditorium building (6,300 m²) over G+2, serving as a public building to visitors and its location works as a gateway to Abu Dhabi Island, includes a 1000-seat auditorium hall, a VIP lounge, meeting facilities, delegation rooms, multi-purpose halls and a covered plaza with a built-up area of 1,400 m² encompassing a gathering area for multiple activities.
