## Scope of Work

Preliminary design  
Detailed design  
Tender documents  
Construction supervision

## Location

Dubai, UAE

## Types of Activities

Architectural  
Electrical  
Mechanical  
Structural

With a total built-up area of 7,744 m<sup>2</sup>, the Ribbon complex is located on plot no.674-233 at the Motor City district in Dubai, UAE. The Ribbon is a retail commercial complex with 20 retail spaces that include shops, cafes and restaurants.

Inspired by the complex name, the building's skyline and hardscape elements are harmoniously undulating in

ribbon-like structure; which adds a modern twist to the architectural design concept.

The complex consists of 3 buildings; two of which comprise a ground floor and a mezzanine floor, while the third building comprises a basement, a ground floor and a mezzanine floor.
