Roads

Stretching on a total area of 26,500 km²; NEOM will be the first independent special zone within the Kingdom of Saudi Arabia. It is projected to emerge as a leading global hub exemplifying the future of human civilization by offering its inhabitants an idyllic lifestyle combined with exceptional economic prospects.

Oxagon is strategically located in northwest of Saudi Arabia and has first class local, regional, and global connectivity.

NEOM 200 Accommodation units for business community are located next to the construction village and logistics park with site area of around 100,050 m² and will be used as the construction camp.

The camp has a total built-up area of approximately 100,000 m² including the following buildings:

- Camp Boss Office with footprint area of 37,31 m²
- Support Staff Accommodation Building (Female) with footprint area of 41,41 m²
- Support Staff Accommodation Building (Male) with footprint area of 334,56 m²
- Wellness & Gym Building with footprint area of 707,2 m²
- Recreation Building with footprint area of 725,81 m²
- Restaurant & Kitchen Building with footprint area of 797,81 m²
- Laundry Building with footprint area of 41,41 m²
- Clinics Building with footprint area of 108,36 m²
- Armored Security Cabin with footprint area of 410,55 m²
- Store Building with footprint area of 404 m²
- Multipurpose Hall with footprint area of 146 m²
- Minimart with footprint area of 163 m²
- Mosque with footprint area of 206 m²
- IT & Telecom Building with footprint area of 170 m²
- Security Room with footprint area of 18 m²
