The hospital provides 24/7 services, including immediate care, accurate diagnoses, and effective treatment for all level 1 emergency services. With a built-up area of 7,000 m²; the hospital is equipped with an expandable bed capacity starting from 49 beds (including 10 ICU beds) up to 59 beds to deliver full medical pathways and total care for every aspect of injury and emergency care. It

comprises two outpatient examination rooms, cardiac center, four renal dialysis machines, comprehensive radiology department, and emergency lab.
